Examiner John Ricci
Art unite 3714
Response to the Notice of Non-Compliance dated 04/05/2005.

9/7/2005

Dear Mr. Ricci,

Please let me apologize for bringing up these questions now.

I am in the process of sending form PYOL-85 and fee, but would like to speak to you if possible before I do.

I have looked over the claims and am concerned about the definition of the term, "outer end of limb,". With this definition could it be possible to copy the principle of this design and avoid infringement by engaging the limb an inch or so from the end of the limb.

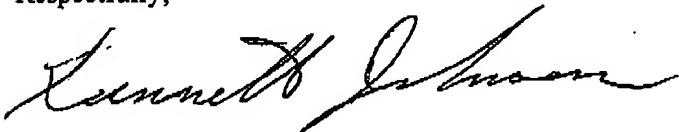

Also does Claim 5 weaken Claim 4 because it limits the end of the limb to the area, "beyond the location where the cam is mounted to the limb, toward the outer end of the limb;"

Also is Claim 5 necessary since no one has defined the, "outer end of limb," and I would like to be sure, "the outer end of limb," is as broad as possible.

I am a novice at writing Claims, and would like to be assured I am getting the best Claims I can.

Thank you.

Respectfully,

Kenneth Johnson

Included is a copy of the Claims as they stand.
